	Equipment Bay		Drain Valve		Circulation Pump
	Keypad		Jet Pump		Heater
	Conduit Access		Subwoofer**		

* Conduit access should be no more than 100mm high above the concrete slab.

**Optional Upgrade only included with the Fisher WiFi and Audio Kit.

Note: This model has a rigid base, and if you choose to bring the piping conduit in from the bottom through the base, you will need to cut a hole into the base on-site before installation. The factory does not provide this hole. Please see the diagram above to find the location where you can drill the hole.
